## HUSKERS DEFEAT LIVERMORE BY 18 TO 13 SCORE

COLORFUL ARMISTICE  
EXERCISES HELD BY  
TWO LEGION GROUPS

CENTERVILLE — Some 900 persons enjoyed the patriotic exercises held Armistice afternoon on the Washington High school football field before the start of the annual Huskers - Livermore football classic.

The high school majorettes led the uniformed band on to the turf, followed by the massed colors of the Washington Township and Livermore Legion Posts. Auxiliaries and Sons Squadrons commanded by Jack Vieux of Niles. These were followed by the Washington Post's firing squad of eight men, the Sons' Squadron drum corps of eight boys and a group of the new State Guard Rifle Company, led by Corporal James Collins of Newark and four other members in uniform from Company D of the Oakland State Guard.

E. D. Bristow past commander of the Washington Post and principal of Niles Elementary school broadcast a brief patriotic address, followed by a request for the public to support the Township State Guard Company's dance to be held in the Newark Pavilion on December 6. He also requested membership in the American Red Cross, who's annual roll call began on Armistice Day and ends on Thanksgiving Day.

The national anthem was played the firing squad fired three volleys in memory of the dead, a high school bugler played taps and the parade marched off the field.

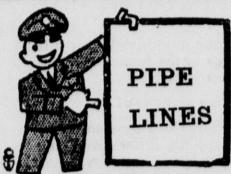

The game kicked off at 2:30. Livermore scored and converted, Washington scored twice, failing to make the point each time. The score stood 12 to 7 at the end of the half with the Huskers having rolled up 104 yards to the visitor's 46, making four 1st, downs to Livermore's two.

The locals made their third score in the third quarter, fumbling their conversion, making the score 18 to 7 at the end of the third quarter. In the last quarter Livermore found a hole and galloped for a touchdown bringing the final total to 18 to 13 when the timer's gun barked.

Johnny Williamson called the plays over the loud-speaker system. The school band played frequently and marched around the field during the half.

The sun broke through the high fog during the afternoon, making the atmosphere pleasant enough for a fall day.

Mrs. William F. Sylvia and Mrs. Clarence Crane spent Saturday in San Francisco.

Howdy Folks; The world is full of willing workers. Some willing to work and others willing to let them.

In that connection, it has been aptly said that your ideas won't work unless you do.

## SPEAKER PLEADS FOR RETURN TO RUGGED IDEALS

DR. JOEL HILDEBRAND  
DECRIES HITLER'S METHOD  
OF "HOODLUM" RULE

CENTERVILLE — Dean Joel Hildebrand of the University of California presented the psychological approach to the current world situation on Monday night before a large audience at the Public Forum in the Washington High school auditorium. He was introduced by Forum Chairman Jack Rees, and shared the platform with Al Morse president of the Centerville Lions Club and Sam Scott commander of the Township Legion Post.

Dr. Hildebrand told his hearers he had studied in Germany in 1906-7 under the kaiser's regime; and in 1931-32 under the republic when he took his sabbatical year and last in 1936 under Hitler's government.

He said this was a psychological as well as a military war, that Hitler's method was to break the enemy's will to resist without making an invasion. The German people were pushed into this war; Hitler's touted victories do not arouse them; they are fed up with grim and deprivation.

He expounded Hitler's underhanded methods as follows: 1. He fed the German people the idea they were not licked in the last war. Then he found scapegoats for the German people to persecute. The Jews happened to be chosen for this purpose.

— Organizes Hoodlums

2. He organized the discontented elements of society, people who could lose nothing by following him, because they had nothing anyway. He gave them slogans. He played on the theme of martyrdom and glorified the abuses the German people had supposedly suffered through the last peace, in order to provide the atmosphere for a crusade or holy war. He inflamed their sense of persecution.

3. He maligned the existing government and aroused popular passion against it.

4. He writes from emotion and violence rather than reason. He has no principles, and admits he will not tell the truth.

To combat these psychological sins the democracies should check the abuses we grant under the license of free speech; we should abandon all ideas of passive defense and seize the initiative. He asked: is it ever immoral or irreligious to defend the weak?

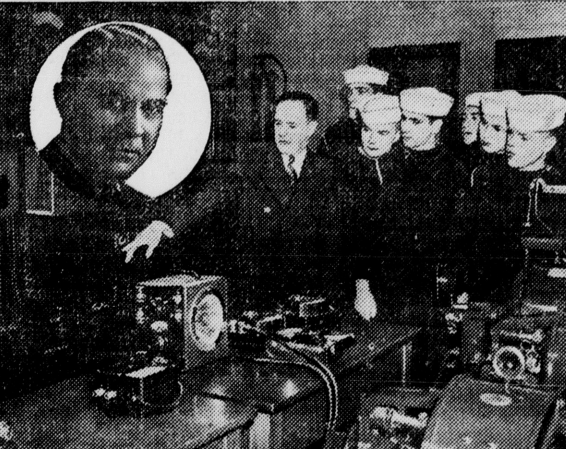

Some of the possible outcomes of the present situation he listed as follows: 1. The nazis may blow up. 2. The Lord may take a hand and liquidate the nazis. 3. Or the Russians may do it. 4. We still have England fighting at democracy's front line. Let's cheer them on while we sit snug and safe in apathy.

There are worse things than war, he concluded. Wilson tried a policy of "too proud to fight" and "peace at any price" in the last war, and this passive policy did not work.

— First Principles

He pleaded for a return to the hard and rugged individual ideals of our ancestors which made this great republic. The speaker's eclectic address collected and summarized a number of familiar statements which have been repeated so often they have become bromides. He admitted he was no prophet and hazarded no guesses as to the course the future will take. He presented a coldly scientific analysis of prevailing ideas without developing a constructive thesis on the subject given him, How May We Best Defend Our Democracy?

## "NAVY TRADE TRAINING GAVE ME MY START" SAYS PRESIDENT, SPERRY CORPORATION

THOMAS A. MORGAN (pictured in insert), president of the Sperry Corporation, world's largest manufacturers of aeronautical and marine instruments, received his early technical training in the U. S. Navy, in which he enlisted as a young man. "This has proved of great value to me in later years," said ex-sailor Morgan. Pictured above are new Navy recruits receiving electrical training at one

of the modern equipped Navy Trade Schools. The Navy offers training to young men in nearly 50 different trades and vocations.

Opportunities for advancement, to learn skilled trades, for travel and adventure are identical whether a man enlists in the regular Navy or the Naval Reserve—and his pay, food, clothing, medical and dental care are the same.

## QUAIL, PHEASANT SEASONS OPEN HEREABOUTS FRIDAY

SAN FRANCISCO — California pheasant hunters will have a ten day shooting season this year starting November 15 and continuing to November 24, inclusive.

According to reports of wardens of the State Division of Fish and Game, the pheasant crop is definitely on the increase and local residents concur that more pheasants are in evidence than have been seen in years previous.

Pheasants are reported plentiful in Sonoma, Alameda, western Sacramento and Inyo counties.

A total of 48,500 pheasants have been raised at State Game Farms and planted in suitable areas to the end of October, 1941. Eight hundred of these birds were Reeves pheasants and the remainder Chinese.

Only male pheasants may be taken during the open season. The limit is two per day, two in possession and eight per season.

The Division of Fish and Game requests that hunters send all tags found on quail and pheasants to the main office in the Ferry Building, San Francisco.

The tagged pheasants have migrated from game management areas, and were originally planted by the operators of these areas. It is the desire of the division to check on the number of these birds that are escaping into open shooting country.

George P. Miller, executive secretary, urges all sportsmen to cooperate with the division by returning tags found on quail and pheasants, including the information as to the exact place and date these birds are killed.

Mr. and Mrs. A. J. Petsche of Niles are driving a new 1942 Chevrolet coach purchased from the Central Chevrolet company at Centerville.

Next Monday's forum address entitled "I Saw Hitler Destroy Democracy" promises to be dramatic. It will be delivered by Carl Landauer, former professor in the College of Commerce in Berlin from 1926 to 1933. The address starts promptly at 8 o'clock, the public is invited and there is no admission charge.

Those attending these interesting discourses are urged to ask questions of the speakers. A money allotment is made to the evening high school on the basis of the number of persons attending at least three of the five-address series. Professor Hildebrand's address last Monday evening opened the second series of five addresses provided Township citizens by the local evening high school of which Barton Webb is principal.

## MASS MEETING TO BE HELD FOR LIQUOR DEALERS

OAKLAND — All licensees under the California Beverage Control Act are urged to attend a mass meeting to be held next Tuesday evening at 8 o'clock in the Oakland auditorium theatre at 12th and Fallon streets, at which time amendments made by the 1941 legislature will be explained.

Mr. Fred E. Stewart, member of the Board of Equalization from this district will preside, and he especially requests liquor dispensers and their employees to be present.

Chief Raymond Cato of the California Highway Patrol will also be present to explain a cooperative campaign against drunken drivers. Liquor dealers are requested to be present for their own protection.

This is to be the only meeting to be held in Alameda County and state officials invite county, township and town officials to attend the forthcoming meeting, as well as the retail liquor dispensers.

**J. A. C. L. HOSTS  
TO PEACE OFFICERS  
WEDNESDAY NIGHT**

IRVINGTON — The Washington Township Japanese-American Citizens League sponsored as part of their Civilian Defense Week program — a joint meeting with the Eden Township JACL on Wednesday November 12 at the Irvington grammar school. The guest speaker of the evening was Sheriff H. D. Gleason who spoke on "How Defense and the Various Phases that Affect the Sheriff's Office."

Preceding the meeting was a dinner at Henry's in Irvington to which Sheriff Gleason, Captain Elkes of the State Highway Patrol and the local peace officers were invited.

President James Hoeabayashi made the necessary arrangements for the evening and Harry Konda was in charge of the reception. The public was cordially invited to attend.

**THANKSGIVING SERVICE**  
A special worship service will be held Thanksgiving morning at 10 o'clock at the Niles Congregational church, according to the Pastor, Reverend Richard C. Day. Reverend George W. Phillips of the Tenth Avenue Baptist Church in Oakland has been asked to bring the message. Worshipers of any denomination are invited to attend.

The Decoto Grammar school is receiving a fresh coat of paint, which greatly improves its appearance and considerable work is being done around the grounds.

NEW GIRL'S TROOP

DECOTO — Some 20 local girls have signed up as charter members of the new Girl Scout troop to be organized here this month under the leadership of Mrs. Robert Whipple, who is completing her leader's training at Girl Scout headquarters in Oakland. The troop when organized will meet in the library building here.

## NILES CHAMBER SPONSORS LIGHTED TREE CONTEST

The Niles Chamber of Commerce at its Monday noon meeting in the City of Florence Restaurant agreed to participate with the Junior Chamber in its project of awarding cash prizes for the best lighted outdoor Christmas trees at private homes throughout the Niles school district. The contest will extend as well to the rural district outside the town's limits.

Five members subscribed \$5 cash to match the Junior Chamber's \$5 voted at their last meeting to make \$10 cash award for the best tree. It is hoped the Niles Rotary club will participate, and provide a \$5 cash prize for second best tree. The project is planned to induce private citizens to light more outdoor trees and help to create a genuine Christmas spirit in Niles and vicinity this year.

The suggestion was made that a committee of artistically-minded women be named to serve as judges, rather than the presidents of the Niles Senior and Junior Chambers and the Niles Rotary club. It was also suggested that Mr. Geo. C. Roeding, Jr., president of the California Nursery company be contacted to enlist his support in this activity.

Norman Rose presented his petition asking the Niles body to endorse the purchase of a school bus by the Niles School district to convey out-of-town pupils to and from school daily. The Niles Junior Chamber had already endorsed the petition and the senior body also gave its endorsement. Final action cannot be taken, however until next year's budget is made up and published next July.

F. T. Dusterberry of Centerville, as president of the Washington Township chapter, American Red Cross asked the members present, as individuals, to support the annual roll call which began throughout the nation on Armistice Day.

Secretary A. J. Petsche said in reference to last week's motion that free service to Hayward be accorded Niles following the installation of dial telephones here, that he had invited W. T. Sutherland, manager of the Hayward office, to attend a luncheon meeting of the chamber at his convenience and discuss rates and service.

Nine members and two guests were present Monday with Dr. T. C. Wilson presiding.

**SIX MEN TO  
LEAVE NILES  
NOVEMBER 18**

The following named men have been selected for induction by Draft Board No. 75 at Niles.

They shall report to this board at 453 1st St. Niles, at 7 a. m. on November 18, 1941, whereupon they shall be sent to an induction station of the United States Army at San Francisco, California.

Susano Leoncio Hipolite, Livingston; Vernon Edward Rose, Pleasanton; Eloyd Edward Anselmo, Pleasanton; Tony Ernest Correia, Niles; Ignacio Diaz Hernandez, Transfer to Local Board No. 194 Covina, California; George Enos Fagundes, Hayward; Robert James Bettencourt, Centerville.

**WINS CHAMPIONSHIP**

DECOTO — George L. Smith, manager of the M & S Tile company here recently won the Southern Alameda County Golf championship when he defeated Charles Brewster, 5 and 4 on the Hillview Golf Course in San Jose. This victory adds one more trophy to his beautiful collection.

A public card party for the benefit of the Holy Rosary church will be given at the Decoto Grammar school next Monday evening, beginning at 8:30 o'clock.

## NAVY FEATURES ATHLETICS IN SAILORS' LIVES

You wouldn't think that Uncle Sam's men who go down to the sea in ships would have much time for sports — but they do. The Navy considers athletics to be an integral part of a well-balanced Naval life. Judd Taylor, director of physical education of Washington Union High school explains how the Navy teaches teamwork, individual resourcefulness and good sportsmanship.

"Nearly every popular American sport is played in the Navy," says Mr. Taylor. "There are football, baseball and basketball teams. Boxing, wrestling, track and field and swimming meets are enjoyed. Every ship and station has an officer in charge of athletics. He, in turn, has several assistants. All work together in producing winning teams, building competitive spirit between ships and fleets.

To play on Navy teams, a man must be physically fit for every contest. Boxers and wrestlers are examined carefully before every match to make certain they are "in the pink."

Each ship has its own baseball and football teams and when a ship comes into a Naval base a series of games are arranged with the teams of other naval units. Spirit runs high and rivalry is keen. During baseball season, when the ships are at anchor at sea, the sailors rig up large nets on deck and stage batting practice just as easily as if they were on a baseball field. Some bluejackets even take their golf clubs along and practice driving into the nets.

"Healthy athletic competition puts a never-say-die spirit into the men," adds Coach Taylor. "It tends to develop efficient units, just as it welds unity in high schools and colleges. It develops an esprit de corps that is remarkable."

The Child Welfare club meets next Monday afternoon at 1:30 o'clock at the home of E. A. Ellsworth with Mrs. Marston Dassel assisting the hostess.

## GRAND NATIONAL LIVESTOCK SHOW OPENS SATURDAY

SAN FRANCISCO — California Agriculture's own show, the National Livestock Exposition in the "Cow Palace" here November 15-22, will be the state's biggest event since the World's Fair on Treasure Island. So declared George N. Keystone, president of No. 1-A District Agricultural Association, state agency sponsoring the Exposition, today as preparations to welcome thousands of visitors from all over the West entered the home stretch.

The five million dollar venture will be a triple show, each division of which will be a national classic in itself and presented all together will constitute the greatest exposition of its kind ever produced in Western America, Keystone said.

— Ken Maynard to Appear

Supplementing the three major divisions will be a spectacular arena entertainment program headlined by Ken Maynard star, in scores of movie thrillers hero of millions of children and Wild West favorite of adults, Harold F. DePue, manager of the Exposition, revealed.

Placing San Francisco in the very front rank of the Nation's animal industry centers is the livestock division of the Exposition. This will bring into competition for \$47,341 in cash premiums, 153 of the nation's foremost producers of purebred beef and dairy cattle, sheep and swine who have entered total of 1,845 animals valued at a million dollars.

In addition to the livestock competition, there will be auction sales of purebred Hereford bulls and females and of fat and feeder cattle, sheep and swine, R. J. Welch, livestock division manager has announced.

The Grand National Horse Show will bring another million dollars worth of the finest show animals in the nation who will vie for \$18,000 in cash stakes and prizes. S. E. Kramer, manager of the Horse Show, declares it will rank in quality and style with the great classics of New York and Chicago.

— Paul Whiteman There

A full division horse show of 72 classes, the Grand National will

present many special features such as Tennessee Walking Horses who will be judged by one of their leading fanciers, Paul Whiteman, "King of Jazz".

The Grand National Rodeo it is indicated, will decide not only the neck and neck race of Homer Pettigrew, Bill McMacken and Fritz Truan for the title of 1941 World's Champion All-Around Cowboy but similar championships as well. Among other stellar performers will be Turk Greenough fiancé of Sally Rand, and his two noted buckaroo sisters, Alice and Margie. The cash prizes for the rodeo will be \$5,555 to which will be added all entry fees.

Harry Rowell, of Hayward will choose from his own and the Millerick Barnby and Burrell ranches in California the best rodeo stock to make up a string consisting of 40 bucking horses, 40 bareback broncos 30 roping calves 30 Brahma bulls 30 Mexican longhorn steers and 10 pickup and arena horses.

Because the exposition is sponsored by a state agency and therefore is a non-profit venture the huge spectacle will be inaugurated at record low prices. General admission to the entire show will be 50 cents; reserved seats will be \$1 and \$1.50 and box seats, \$2. Children under 12 will be admitted for 25 cents tickets to be sold only at the "Cow Palace" on the day of the performance. All tickets are plus tax.

There will be a nightly performance from November 15 to 22 inclusive and three matinees to be held Sunday, November 16, Thanksgiving Day, November 20 and Saturday, November 22.

### SELECTEES MAY VOLUNTEER FOR MARINE CORPS

(Special to the Register)

Due to the present emergency and large increase in personnel, opportunities for advancements in the United States Marine Corps are better now than ever before, according to Postmaster Ed Enos.

Men who are registered for selective service, but who prefer to serve in the Marine Corps, have the privilege of enlisting in this colorful branch of the naval service for the duration of the present national emergency only.

Additional information may be obtained from Marine Corps recruiting stations located in San Francisco, Oakland and San Jose.

## RED CROSS DOES UNIQUE WORK IN ARMED SERVICES

(Special to the Register)

Practical assistance to soldiers and sailors preparing to defend America's shores has become the major task of the American Red Cross in metropolitan Oakland and throughout the nation. William F. Knowland, chairman of the local Red Cross chapter, declared this week. All the branches of the local organization are contributing time and effort to this program of aid to the armed forces, he reported.

Financial support for this essential work must come from membership funds received during the annual Roll Call to be conducted from November 11 to 30. Mr. Knowland pointed out. He explained that aid to the armed forces is only one of the activities financed from membership receipts.

More than 10,000 Red Cross nurses, members of a large reserve of the nation's finest registered nurses, are being assigned to army and navy duty. Another service is the distribution of \$1,000,000 worth of athletic and recreation equipment to the posts.

"It is imperative that our community contribute its full share to the upkeep of these and all other Red Cross services connected with national defense," Mr. Knowland declared. "We can do this only by going over the top in the Roll Call to be held throughout the country from November 11 to 30."

### NEWARK CHAMBER MAY REORGANIZE

NEWARK — Arthur Cotton, president of the active Newark Boosters club has called a meeting of Boosters and the former Newark Chamber of Commerce members at the schoolhouse here for Monday night, December 1 at which time effort will be made to revive an active civic organization for Newark. All businessmen of the community and civic leaders are urged to attend.

### SAILOR VISITS NILES

Gilbert Wright, former foreman at The Township Register, now stationed at the Alameda Air Base studying to be an aviation machinist called on his Niles friends on Saturday. His address is Class A.M. 11-41, Alameda Air Station.

## AUDIENCE ENJOYS "HOLLYWOOD BOUND" AT HIGH SCHOOL

CENTERVILLE — Miss Florence Marie Braun of Niles, supported by John Ray Truscott of Newark and Miss Beverly Adams of Centerville had the leading roles in the annual student body play, Hollywood Bound which was presented Friday evening in the Washington High school auditorium before a large and enthusiastic audience.

The supporting cast consisted of Ernest Tremblay, Betty Corey, Juanita Galvin, Adele Bertolotti, Margaret Kerns, Bob Manley, John Machado, Henry Mariana, Frank Machado, Doris Alcarez, Margie Jackson, Dorothy Jackson and David Vargus.

### NEWARK SPORTSMEN DOWN MACHINISTS 10 TO 0 SUNDAY

NEWARK — The Newark Sportsmen baseball nine held on to first place in the Southern League Division of the Alameda County winter league with a 10 to 0 victory over the Machinists Union of Oakland Sunday at the Newark school grounds.

The lion's share of the victory must go to Pitcher Stanley Roderick of the Sportsmen who allowed only two hits and struck out 12 men. Stanley Roderick who was a sensational pitcher in the United States Navy several years ago, pitcher his first game Sunday to prove that he is one of the best pitchers a Newark club has seen in many years. After the third inning only one man reached first base, and that was on balls. As the game progressed Roderick became more effective, and moved the opposing batmen down with lightning rapidity. Roderick is usually an outfielder.

The general all around play of the Sportsmen from Newark was also a contributing factor. Their defense play was almost perfect with but one miscue being charged against Newark during the afternoon's activity. While at bat they delivered hits in the pinch, when a mate was in scoring position.

The big bat of Tony Duarte the Sportsmen's center fielder was very much in evidence as he gathered two singles and a triple in five tries at bat. Jack Silva also had a good afternoon at the plate bagging a single and a double in two times at bat. Irish Joe Thompson a newcomer to the Newark club also grabbed himself a pair of hits in four attempts.

Next Sunday at Newark the Sportsmen will meet the strong Ramos Drug team from Hayward beginning at 2 p. m. The Ramos club is one of the better clubs in the league.

### WASHINGTON TOWNSHIP CAMERA CLUB FORMED

CENTERVILLE — To the amateur cameramen of Washington Township's delight a Camera Club has been formed. Until they have a larger number of members they are meeting at the homes of the members on the first and third Tuesday's of the month. At this time there are ten members in the club.

The officers are: Charlie Hatch — president, Play Mathews — vice president, Buster Steinhilber — treasurer and John Cataneo — secretary. Anyone who is interested in joining and taking part in this club can get in touch with any of the above men who will be only too pleased to give you full information.

Watch The Township Register for further activities of this club and its members.

### TURKEY DINNER

A real turkey dinner is to be served on the real Thanksgiving Day, Thursday, November 27 in Solon's clubroom at Niles to the 35 members of the Niles Sportsmen's Club, according to cards now in the mail sent by Secretary Leon Solon. Return cards must be mailed to the secretary so proper accommodations may be provided. Sportswriter Bob Dwyer of the Oakland Tribune has been asked to attend and give an informal talk. Bill Bunk is program chairman.

### KRAFTILE MAN DIES

Funeral services were held on November 6th for Alexander E. Larson, Kraftile Sales Representative in San Francisco, who died suddenly of a heart attack Tuesday morning. Mr. Larson was widely known in the building industry in Northern California and his death was a shock to all who knew him.

San Francisco has the largest stock exchange in the West.

A zipper shortage — that's the newest defense threat to civilian life.

## STATE GUARD MEN RECEIVE DANCE TICKETS

CENTERVILLE — The 23 men present at Monday night's regular drill of the Township State Guard Rifle company in the Washington High school gymnasium eagerly took with them tickets and placards for the forthcoming benefit dance to be given Saturday night, December 6 in the Newark Pavilion.

The Clinton Harmonians, popular orchestra of Southern Alameda County has been engaged to provide music, and further arrangements are in the hands of Chairman Raymond Peterson and his committee.

The proceeds of the dance will be used to purchase regulation uniforms for the nucleus of 36 men now signed up with the company.

A group of men, officered by uniformed members of Company D of Oakland participated in the Armistice Day ceremonies held on the Washington High school field preceding the playing of the annual football game.

Forty men are still needed to fill out the new company before the unit can be mustered in by the Adjutant-General's office and given a designation. Drill is held every Monday night in the high school gymnasium, beginning at 7:30 p.m. where men can enlist.

Eugene Correa is now employed at the Safeway Store in Centerville.

National Art week was celebrated in the Township last week. San Jose is the largest canning and dried fruit packing center in the world.

## ROTARIANS HEAR UNITED STATES IS BIGGEST "SMOKER"

The Niles Rotary club heard a talk on Tobacco and its Uses at its luncheon meeting last Thursday at the Hotel Belvoir presented by Harry McLearn. Thirty-six Rotarians attended the luncheon held jointly by the San Leandro and Niles clubs, with Paul Dempsey presiding for the former and E. A. Quaresma of Irvington for the latter.

Women smokers run up the annual consumption of cigarettes by 30 percent, the speaker said, the use of nicotine now yielding the federal government \$600,000,000 per year in taxes. Since the introduction of cigarettes at the time of smokers in the world, according to McLearn. Smoking became very popular among officers and men during the last war.

### STOVE MOUNTERS DANCE

NEWARK — Final plans were made this week for the annual dance to be held Saturday evening at the Newark Pavilion, which will be given by the Stove Mounters Union local No. 61 of Newark. Union music will be furnished by Jack Kolln's orchestra featuring the semi-Kollns in their specialty tunes. A large crowd is expected according to general chairman, Manuel DeSalles.

Within 4 months after enlistment, U.S. Navy recruits automatically receive a 70 per cent increase in pay and a promotion to a higher rating.

## CALIFORNIA HOUSEWIVES

# COOK ELECTRICALLY

FOR

# \$2.33

AVERAGE COST PER MONTH

Mrs. Thomas said to Mrs. Brown:

"Doesn't your electric range cost quite a bit to operate?"

Mrs. Brown replied:

"That is something I never think about. We use electricity for many services in the house and use a lot of it. I have never thought of cooking just by itself. I know it cannot be very much."

Mrs. Brown is like many housewives who cook electrically. When she added an electric range to her many electric servants in the home, her electric bill did not take an expensive jump. The reason is that the cost of electricity drops as more and more kilowatts are put to work.

In the average home electric servants sweep rugs, refrigerate foods, toast bread, mix cakes, bake waffles, brew coffee, give entertainment, tell time, light all rooms, wash and iron clothes and perform many other odd jobs. To cook electrically is a logical and economical next step. The electric range operates on the lower and cheaper rate blocks of electricity. THAT is the big reason why average monthly operating cost of electric cooking for 60,000 P. G. & E. customers is only \$2.33.

You can cook three meals a day on an electric range for an average of 7 3/4 cents a day. That is less than 3 cents per meal. Or if you use the thrifty deep-well cooker on a modern electric range, you can cook a wholesome big dinner for 2 cents. No matter what fuel you use... THAT is low-cost cooking.

It is just human to think of the total amount of the monthly electric bill as ALL cooking. But electricity does many things in the home. Cooking ALONE... by itself... is only one part of the electric bill.

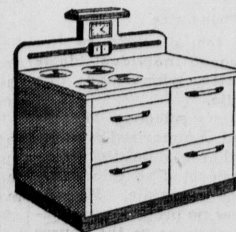

Look at These Savings, too, that an Electric Range gives you!

It's automatic. You set temperature and time controls and cook an entire meal, even though you have gone to town shopping, miles away. It's clean. Automatic cooking eliminates the need for last minute frying or rush boiling that fills the kitchen with grease and steam. That's why electric cooking saves kitchen drapes and painted walls and cabinets.

It saves food money too. Vegetables are prepared with waterless cooking. Meats cook at low temperatures to tenderize less expensive cuts and hold in flavorful and healthful vitamins.

Switch to Electric Cooking for Economy and Convenience.

With other costs of living rising electricity is as cheap as ever. The new electric ranges use it sparingly. They are not high-priced to buy now. You will find just what you want priced to fit your purse and budget. You can still buy on installment terms. See your dealer today about a new electric range. Once you use an electric range you will never want to cook on any other type of stove.

# BUSINESS WOMEN PLAN CHRISTMAS PARTY DECEMBER 8

The Hotel Belvoir at Niles and December 8 have been chosen as the place and date for the annual Christmas dinner party of the Business and Professional Women of Washington Township, the president Miss Leona Solon announced at last week's business meeting of the club.

Miss Grace Knoles of the high school faculty was named chairman of decorations for the Christmas party and each member was to bring a gift.

Mrs. Pauline Oakes of Alvarado was awarded the prize of an engraved key case for proposing the best name for the club's monthly paper, now to be called The Periscope.

Some of the members enjoyed the international relations dinner held on Monday at the Hotel St. Claire in San Jose by the business women of that city.

## FREE DANCE DEC. 13

NEWARK — A free dance celebrating the first year of business of the Newark Pavilion since it has been remodeled will be held Saturday evening, December 13. Many years ago the Newark Pavilion was a very prominent place for dancing, but today it is better than ever as it has one of the largest bars in Alameda County and one of the best dancing floors in Alameda County. It is a suitable place for dancing, presenting plays, showing of moving pictures, whist parties, and numerous events besides picnics and barbecues in the grounds.

Unseasonably warm weather hereabouts late last week . . but wasn't it swell?

## COUNTY RECEIVES LARGE GASOLINE TAX APPORTIONMENT

State Controller Harry B. Riley today apportioned to Alameda County \$329,265 in gasoline tax funds for the quarter ended September 30. The apportionment was made on the basis of this county's motor vehicle registration of 212,743.

Controller Riley said that Alameda County's apportionment was part of a \$15,460,786 distribution, the largest quarterly apportionment in the State's history.

Riley announced that California's 58 counties will receive \$5,153,595 and that the State Highway Fund will be given the balance of \$10,307,191. From the latter, money will be allocated to cities for local highway use and construction and maintenance of the state highway system.

## OVER HERE

During the past eighteen months the bombing of Britain cost 41,900 lives. In the same period, 51,760 lives are reported by the Public Safety Department of the National Automobile Club, to have been lost "over here" by traffic slaughter. It appears that it is easier to dodge falling bombs in Britain than speeding automobiles in the United States.

## U. S. D. A. QUERIES CANNERS ON TOMATO PRICE SITUATION

SAN FRANCISCO — Following an extensive appraisal of 1941 canning tomato price conditions in California the United States Department of Agriculture has asked California canning firms, individually, for statements indicating their price relationships with tomato growers.

In making the announcement

Merritt A. Clevenger, FSCC Western Region Purchasing Officer, stated the action was taken upon recommendations made at a recent conference of California canners who have sold to the FSCC representatives of California farm organizations the California USDA Defense Board and USDA officials.

Pointing out that although some canners have already voluntarily increased 1941 prices to their growers, Clevenger stated, "It has been brought to the Secretary of

Agriculture's attention that a majority of California canners have not as yet adjusted their prices to growers in line with the Secretary's tomato purchase announcement published April 17 1941."

Issued subsequent to a national conference with the canning industry in Washington D. C., the April 17 announcement stressed increased returns to growers as follows:

In order to assure the greater supply of tomatoes necessary, the FSCC in considering bids,

will make allowance for increases of from \$2.75 to \$3.00 per ton over 1940 contract prices to growers . . .

"Tomato growers throughout the United States," Clevenger said, "have generally received substantial increases in prices in line with the program as outlined. Only in California Utah and a few scattered, small areas, does the grower price situation appear to be unsatisfactory."

An integral part of the national

defense effort, Clevenger indicated that the California canning industry had been "very cooperative" and that it was hoped adjustments satisfactory to growers would be brought about prior to impending consideration of 1942 tomato procurement plans.

More than 800,000 cases of tomatoes, — approximately 20 percent of total acceptances from all over the nation up to September 1, — have been accepted for delivery from California canners, under the 1941 program.

## PAYMENTS TO UNEMPLOYED DROPS DURING SEPTEMBER

Unemployment insurance payments in California for the month of September, 1941 were 32.5 per cent under the payments for September, 1940, according to announcements made today by Walter Gamman, manager of the Hayward office of the California Department of Employment.

The exceptional drop, he stated,

was caused by an increasing amount of employment in virtually all occupations.

The increase in employment was reflected in the placements made by the department during the same month, which totaled more than for any other month in the history of the department, when 64,280 jobs were found.

The September placement figure represents an increase of 12 per cent over the 57,357 placements in August of this year, the previous high record and over 45 per

cent higher than in September, 1940 when 44,160 placements were made Gamman said.

On the insurance side of the picture, Gamman said the continuing decline resulted in disbursements of \$2,978,961 for September, 1941, through a distribution of 212,364 checks representing a decrease of \$1,435,893 below payments of \$4,414,857 distributed by 315,880 checks in September of 1940.

The altitude of San Francisco runs from six to 956 feet.

**DEFENSE STAMP SALES APPROACH NINETEEN MILLION**  
WASHINGTON, D. C. — Sales of Defense Savings Stamps for five months have reached the total of \$18,998,000, the Treasury Department announced on October 15.

September sales of \$4,978,000 were the largest of any month since the Defense Savings Program was started on May 1 last, an increase over August of 11.8 per cent. In September 2,942,900 more Stamps of all denominations were sold than in August.

## NAVY INTELLIGENCE

What would happen if I enlisted in the U. S. Navy and became sick? You would receive the finest medical care from trained Navy doctors and surgeons absolutely free.

When do I get my first leave after I have enlisted? In a few

weeks after you have completed your Recruit training period.

Who pays for my meals and care when I am first sent to a U. S. Navy Training Station? The Navy furnishes you all transportation and meals.

If I attend a Navy Trade School, how many hours a week of school will I have? Navy men in Trade Schools are given thirty-two hours of school work a week and about three hours of night watches.

Does a bluejacket have to pay for his own food and board out of his Navy pay? No. The Government gives you excellent food and board free.

Must my parents consent to my enlistment if I am under 21? Yes. All applicants must be at least 17 years of age and if under 21 years of age they need the consent of their parents or guardians.

How did the term "cut of his jib" originate? In the days of sailing vessels, nationalities of boats could be distinguished by their jibs (type of sail). A Spanish ship had no jib, English ships had one jib and French ships usually two. The phrase was later used to apply men and gradually came into general usage.

If I join the U. S. Navy, will I have to buy my own uniform? No. You receive a complete outfit of uniforms free when you enlist.

What is the cost of torpedoes used by our Navy? Modern U. S. Navy torpedoes cost from \$8,000 to \$15,000 each. They are 21 inches in diameter, are driven by a mixture of compressed air and alcohol and carry up to 600 pounds of T. N. T. Their speeds vary from 25 to 60 knots and they travel from 6,000 to 30,000 yards.

If I join the Naval Reserve how long must I serve? Naval Reservists will be returned to civil life as soon as possible after the National Emergency is over, so that the term of active service may be less than 4 years.

Does the Navy officer retirement pay? Yes, it is possible for an enlisted man to receive as much as \$133.75 a month in retirement pay.

### COUNTY-WIDE TAX RATE GOES UP 2c THIS YEAR

The county-wide tax rate for Alameda county went up 2 cents this year, going from the \$1.33 levied for 1940-41 to \$1.35 per \$100 of assessed value for 1941-42, a study of county tax rates of California counties, just completed by California Taxpayers' Association, shows.

The county was one of twenty-eight in the state in which the county-wide or inside tax rate was increased, the association found. Increases in rates ranged from 1.2 cents in Butte county to 40 cents in Riverside county. In seven counties, Alpine, Imperial, Nevada, Orange, Sacramento, Stanislaus and Tuolumne, the county-wide tax rate showed no change. In twenty-three counties the rate was reduced, cuts ranging from \$1.00 in Lake County to 2/100 cent in Ventura county.

The \$1.35 county-wide tax rate for 1941-42 was divided as follows: general county purpose, \$1.89; county bonds, 12 cents; junior college tuition, 4.1 cents, the association stated. Last year, the rate was divided as follows: general county purpose, \$1.48; county bonds, 13.9 cents; and junior college tuition, 4.3 cents.

**OAKLAND** — The office of the Alameda County Selecting Agent, Civilian Conservation Corps, has recently moved from 800 Castro Street, Oakland, and is now located at 391, 17th street, near Franklin in Oakland. The telephone number is Twi-noak 1161. Anyone requesting information regarding the CCC or wishing to make application may contact Mr. John R. Fatooh, the selecting agent.

### WORTH WEIGHT IN TAXES

It is estimated that the average automobile built this year will generate \$600 in taxes before reaching the junk pile, according to the California State Automobile Association. This tax yield exceeds the average cost of labor and materials involved in building the car. Some authorities conclude therefore that "the modern automobile is worth its weight in taxes."

### WHOSE "SURPLUS BUYING POWER"??

Because of the increase of national income from 74 billion dollars in 1940 to an estimated 90 billion this year, the government is concerned about the public's increase in buying power.

To reduce this increased public buying power, to reduce the demand for luxury goods, to prevent inflation and to raise money to pay for the new armaments the congress is considering lopping off 15 percent of wages at the source.

This may be a reasonable move in the large industrial areas, where high wages are paid and extra employees are making something of a boom. But out here in the quiet agricultural communities of the far west we have, and will have, no "surplus buying power."

Most of us are just scratching by, just meeting our commitments for long term purchases of business, home, car, furniture or insurance policies. If 15 percent is to be lopped off our wage incomes at the source many of us will no longer be able to meet our commitments. We will become insolvent and a liability instead of an asset to the government.

Most of us face about a 5 percent income tax payment next March, meaning a 5 percent decrease in our incomes, without any commensurate increase. Take off another 15 percent "at the source", and many of us will turn back our cars, lose our homes, call sons and daughters back from college.

Money paid to the government in taxes ceases to be our money. Money invested in defense bonds or stamps remains our property, just as money placed in savings banks or insurance policies rebounds to our personal benefit.

The government may use our monies thus saved, as do the banks and insurance companies — and we can remain solvent as individuals. Very few families of this editor's acquaintance are getting ahead financially, and very few are even solvent.

A family which is solvent has no debts, or if it has debts, has sufficient income to meet these debts safely. In addition, at the end of every month they have some little cash surplus to be placed in insurance or other investments, or as cash in savings banks. Take off 20 percent more (depending on the size of the new income tax levies they will have to pay) and the few solvent families become insolvent.

If our lawmakers are wise they will make family saving compulsory as England has done. Monies thus set aside by families or individuals still remain their personal asset. After the war these investments can be realized upon.

Under the proposed 15 percent payroll tax the government can only repay the taxpayers, after the war, by running a tank or a brace of machine guns up on their lawns for souvenirs, of the government's gross misapprehensions today of the public's ability to pay.

California's small businessmen, who are managing to stay in business in spite of shortages of materials are now paying their social security taxes; state and county taxes, school, road and fire district taxes, 3 percent California state sales tax. They face increased personal income taxes. As individuals they pay all these 6 percent excise taxes; admissions taxes, etc. etc.

Most individuals, particularly those on modest salaries, HAVE NO MORE MONEY with which to pay any added taxes and remain solvent. To be compelled to buy a certain quota of government securities every month can be done by tightening our belts and squeezing our pennies.

But to lop off FIFTEEN percent of salaried people's incomes at the source will create a tremendous mass of insolvent persons, and render them incapable of paying ANY taxes.

"The power to tax is the power to destroy" and history shows that, when the taxing power is laid too heavily upon a willing but financially helpless public, revolution lifts its ugly head.

A lot of this congress-suspected "surplus buying power" only means a lot of unemployed have got back to work after years of WPA. To reduce THEIR incomes 15 percent "at the source" just when they are getting back on their feet will knock them down for keeps.

Let us have compulsory savings, but NO payroll taxes. This new income tax hits nearly everybody and many families which live on \$2,000 to \$3,000 per year are worrying even now how they are going to pay it. Hit these families with an added 15 percent tax and they are done for.

We out here in the rhubarbs know what work is like, and our hearts are in our mouths right now, wondering if we can pay our taxes, meet our commitments, support our families and continue in business.

Caution is the word for congress! — W.W.

### THE INVASION OF AMERICA

### TOO MANY ARMAMENTS . . .

Recollecting the waste of armaments and material which took place at the end of the last war one will wonder just how much of America's vast new armaments will ever see service?

The last war ended abruptly, with only a few of America's many divisions in France having seen service. We left six BILLION dollars worth of war materials in France after the last war, which we sold to the French for 20c on the dollar. Two million American men had a free ride to Europe and back (at the taxpayers' expense), only 150,000 of whom saw action.

On this side we had a Muscle Shoals and a Hog Island scandal, among others; unused destroyers remained tied up at navy yards for 20 years; and we have since kissed goodbye to the 16 BILLIONS of debts from the last war still owing us. The French and English leaders of that day felt that the 5,000 American millionaires their money had made during the first two and a half years of the war — while they did the fighting and blood-spilling should have enabled America to forget the war debts.

Today: we are making exactly the same mistake we made in the last war: manufacturing too many armaments too late to be needed.

The same factors are now very pronouncedly at work to undermine the central (axis) powers which caused their defeat in the last war. This war is now in its third year and several very large "straws" have cropped up this very week to show which way the coming wind is blowing.

1. The German ARMY authorities, still officered by Prussians rather than nazis, is preparing a peace feeler, with a promise to restore all invaded nations, as was prominently featured in the Sunday dailies. What becomes of Hitler is not indicated. (You guess!)

2. Churchill reiterated to Parliament that England will make NO PEACE with Hitler or any nazi.

3. Hitler's bombastic attitude has changed since the nazi defeat at Moscow. He told his rats at the Munich beer hall last week: "This is now a war of survival." Apparently the truth has finally reached his sodden brain. The nazis, however, will not survive.

Stalin laughs over the Moscow radio: "Hitler, if you say Soviet armies are defeated and broken WHY DON'T YOU TAKE MOSCOW?"

5. Russia is a powerful, fighting ally in this war. She fluked in the last war.

6. Djibouti in French North Africa is ready to surrender to the British in order to get FOOD for its civil and military population. So the blockade is effective, not only in the Mediterranean, but against the German people themselves, as well as to all Europe. Soon other regions will have to surrender — to General Hunger. The British Blockade still stands. With Italian naval resistance about knocked out the British this week released more of their Mediterranean fleet to Atlantic services.

7. Japan is sending an emissary to President Roosevelt via clipper to present Japan's "ultimatum." The emissary, and Japan under its present mis-rule will learn Uncle Sam does not accept "ultimatums" from small nations — he issues them. Our new two ocean navy is going to prove an awful drain on Americans' pocketbooks in years to come. Japan is now bogged down in China and has no place to go, except home.

8. Revolt, hunger AND pestilence will finish off the job for the Allies. Undernourished peoples fall easy victims to disease, and the Italians, French, Greeks, Dutch and many others daily

see the spectre of hunger stalking their lands. Epidemics follow in its wake.

It all adds up to the fact that our government is taking the age-old mundane method of making war with war materials; entirely discounting extraneous factors which decide wars even while the belligerents are rearming.

We need airplanes and bullets, anti-tank and anti-aircraft guns; but WHERE are we ever going to use 25,000 tanks and two million soldiers? Against the Mexicans or the Canadians? And what do we do with a double-sized navy when our single navy today is the strongest in the world?

Does anyone actually believe that the nazis can invade and conquer the United States when the nazis have no merchant marine? Can the Japanese with their puny resources? The pride of Japan for this generation, has been reduced to the ashes of her dead sons spreading "peace with a sword" in China.

It is just as possible, and equally as probable, that the German army will revolt against Hitler and his nazis as it was for the army of three million men in the old Russia to revolt against the Czar. To the Prussian military, Hitler has always been a burr under their saddle and they now show signs of getting ready to throw him.

This and other extraneous events which are bound to occur — history repeats itself — will make our gargantuan rearmament effort into a permanent memorial to the usual extravagance and short-sighted vision of the new deal.

And the taxes on We, The People, are going to be lovely! For what? A shiny new tank on your front lawn or a tidy brace of anti-aircraft guns in your back yard for souvenirs of the famous Roosevelt extravagances and misapprehensions?

A little more VISION by the new deal government, and a lot more allowance for the action of the forces that control the destinies of nations will save us a lot of money and industrial headaches within a year.

"Evil always defeats itself", in one way or another, and evil definitely started this war. Evil will spend itself as heretofore, whether or not the U.S.A. diverts most of its industrial energy into arms making.

"There is a Destiny which shapes our ends, rough hew them as we may." — Put the comma after the word "rough," if you wish. — W.W.

### THESE AIRPLANE CRASHES . . .

These daily airplane crashes, which turn a lot of fine boys into corpses, are disgusting to say the least.

A neighbor publisher believes the crashes are caused by sabotage during construction. While one German boy who had worked in an airplane factory since 1939 has been arrested and has confessed, the theory of sabotage does not explain these too frequent crashes.

They used to run in cycles of threes: when one crash occurred, two more always followed; then they quit for awhile. But now they have been running two a day for quite some time.

No sabotage was responsible for the death of the pilot who flew three feet too low and skimmed the top of the hill in Niles Canyon last week, killing himself and his football playing buddy.

Nor was sabotage responsible for the flight of pursuit ships which got lost in the fog several weeks ago, while flying from Riverside to Sacramento. One would think that experienced pilots who get lost in fog while flying north would have sense enough to turn around and start flying back south until they got back into the clear weather they had recently left.

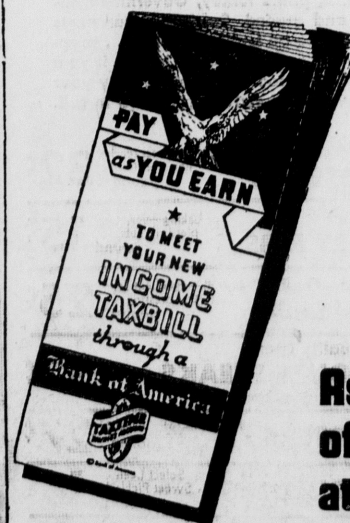

Army men say many of these crashes result from student pilots who are suddenly turned loose in fast pursuit ships which do better than 300 miles per hour, after finishing their training in ships which were only capable of doing 150 miles per hour. Which does not speak well for the gumption of the pilots.

When experienced army and navy pilots crash in midair or the tail drops off a flying fortress you can only explain it as an act of God.

Your scribe served with the Air Service in the Hawaiian Islands in 1924-25. Planes were much less complicated then and there were fewer of them. Inspection was rigid before every flight. In fourteen months, with more than a hundred planes at our station, most of them flying daily, only one fatal crash occurred. Nowadays we have more planes, more complicated parts, more haste in construction and training, more boys becoming pilots. . . still it does seem the good old army and navy efficiency can be stepped up to conquer the situation.

Parents don't want their fine sons killed at any time, least of all while flying in non-combat status. The failures today seem to be man-caused rather than mechanical.

## TUBERCULOSIS GROUP MEETING SUCCESS IN CHECKING DISEASE

Arthur W. Moore, civic leader, director and past president of the Alameda County Tuberculosis and Health Association, was today named by that organization as county chairman for the 1941 Christmas Seal Sale.

The Christmas Seal Sale, conducted annually by the Association to raise funds for the ceaseless fight against tuberculosis, will be launched November 24 it was announced.

At the same time the association revealed new evidence of the winning fight being carried on to eradicate tuberculosis when it reported a ten per cent decrease in the number of cases reported in Alameda County during the first nine months of this year as compared to 1940. During the past nine months 395 new cases of tuberculosis were reported as compared to 438 during the similar period of 1940 the association announced.

## NEWARK

Eugene Pashote  
Correspondent

First Class Private John Martin of Fort Ord and Private Tom Reynolds of Fort Ord spent Armistice Day visiting in Newark. Private Martin is a Newark boy and Private Reynolds is a San Francisco boy.

Many Newark people attended the Army-Navy game at the Memorial stadium in Berkeley Armistice Day.

Calvin Oliveria, Tony Lemos, and James Laudenslager attended the St. Mary's - Duquesne football game Sunday at Kezar stadium in San Francisco. Duquesne still remained undefeated among the seven unbeaten football teams in America by defeating St. Mary's 9 to 0.

Sam Scott and John Pauly attended the California-Washington football game Saturday afternoon at the Memorial stadium in Berkeley. Washington defeated California by a score of 13 to 6.

The St. John's Club met Friday at the home of Mrs. W. Wright. Refreshments were served.

Many Newark people attended the forum at the high school Monday evening. Dr. Joel Hildebrand, professor at the University of California and dean of the College of Letters and Science was the main speaker.

Mrs. Henry Callow, Mrs. Arthur Biddle, and Mrs. Josephine Dorey spent Wednesday in Oakland at the home of Mrs. Edward DeLaney. Mr. DeLaney passed away several weeks ago.

Mr. and Mrs. E. Miner of Washington spent the weekend here visiting at the home of Mr. and Mrs. Ralph Bangle.

Mr. and Mrs. C. E. Kitchell of Hayward and Mr. and Mrs. Jess Cown of Concord spent Saturday evening here visiting at the home of Mr. and Mrs. Ralph Bangle.

Plans are now being made for the Big Game dance to be held Saturday evening, November 28 at the Newark Pavilion.

Joseph Fry of Pennsylvania is on an extensive visit here in Newark visiting with relatives.

Mrs. J. Lamb of Palo Alto visited friends in Newark Thursday.

Joe Machado, Sr., Frank Guido of Newark and Walter Avilla of Decoto spent Friday salmon fishing in the San Joaquin river.

Jack Kuegeman spent Saturday fishing at Byron. He brought home some catfish.

Mr. and Mrs. John K. Murray and Mrs. Timothy O'Connell of Berkeley spent Sunday here visiting at the home of Mr. and Mrs. Lourie Costa.

Mr. and Mrs. Tony Silva spent the weekend visiting with friends at Manteca.

Bill Montero spent the weekend visiting with friends at Livingston.

The whist party held at the Newark Pavilion Thursday evening by the ladies of the Newark Pavilion turned out to be a financial success. The committee with Mrs. Joseph Lewis of Newark as chairman would like to extend a vote of thanks to each and everyone who helped to make this event the success that it was.

Mrs. W. J. Gould entertained Friday afternoon at a luncheon at her home for the following people from Hayward: Mrs. Sophie Peterson, Mrs. H. G. Alberts, and Mrs. J. A. Legay.

A food sale given by St. Edward's Catholic Church Saturday at M. D. Silva's grocery store in Newark proved to be a great success according to the committee in charge. The committee and Father McLaughlin wishes to thank all those who helped to make this sale

the success that it was.

Mrs. Anna Lee Marshall of Redding visited friends here over the weekend.

Tillie Costa, waitress at the Newark Cafe, moved to Berkeley Thursday where she will make her home.

(Held over from last week)

Mrs. Lena Bertolotti, Alumni chairman of the Women of the Moose, San Jose Chapter, entertained twenty members of various committees at her home on Dairy Avenue Tuesday evening. Plans were made for a Thanksgiving basket and welfare work for the coming holidays.

The Ladies Aid of the Newark Presbyterian church held their luncheon at noon Thursday at the church. The afternoon was spent in sewing for the Red Cross.

Word was received in Newark last week of the death of Edward DeLaney of Oakland, a former resident of Newark. He passed away at the Southern Pacific hospital in San Francisco after a long illness. He was a former employee of the Southern Pacific at the Dumbarton railroad bridge near Newark. He leaves a widow, Mrs. Catherine DeLaney and two brothers, Tom of San Luis Obispo and James of San Francisco.

## MISSION SAN JOSE

Miss Ruth Justus  
Correspondent

Mr. and Mrs. George Rodriguez and Marie Lawrence went to Santa Cruz one day last week on a fishing trip. They were not so successful but had a nice time swimming.

Mrs. Hal Hempstead of Los Angeles and son are spending a couple of weeks at the home of her parents, Mr. and Mrs. Edwin M. Fisk. Mrs. Fisk, who has been in the U. C. hospital there was brought home Saturday feeling quite well.

Robert Smith of the 147th infantry at Fort Ord was a weekend guest at the home of Misses Elaine and Ruth Justus. He is leaving with his division for ports unknown in about two weeks.

Miss Olive Hyde spent several days at her summer home here returning to San Francisco on Monday.

Quite a number of Missionites attended the Livermore-Washington High football game at the high school at Centerville on Armistice day. They were: Miss Angie Ferrera, Miss Muriel Fugundes, Miss Elaine Justus all last year graduates, Bert and Ruth Justus, Wenslo Carrillo, Thomas Cunha, Lorraine Rogers, Lorry and Frank Rogers, Richard Witherly, George Enos, Leonard Ferreira and quite a number of others.

Mr. and Mrs. Walter G. Karns were weekend visitors from Los Angeles who took in the Mission and other points of interest near here.

Mr. and Mrs. Daniel K. Cross and family spent Tuesday evening at the home of his sister, Mrs. Lois Justus and family. Harold S. Lee of Fort Ord, Private First Class, was also a guest at the home on Tuesday.

The women of the community will hold their annual bazaar at the I. D. E. S. hall on Friday and Saturday evenings of this week and are preparing quite an elaborate program and have solicited many beautiful articles to be auctioned off to the highest bidder. The folks of the community are invited to attend and lend their support to this worthy cause.

The eighth grade of the Mission Grammar school will hold their first Whist Party on December 5th

## HITLER REFUGEE TO SPEAK AT NEXT FORUM MEET

CENTERVILLE—Dr. Carl Landauer, Professor at the College of Commerce in Berlin from 1926 to 1933, will speak at the Washington Township Forum next Monday evening, November 17, on "I Saw Hitler Destroy Democracy."

Professor Landauer witnessed the rise of Hitler and the destruction of the last remnants of German democracy in 1933 and then emigrated to the United States. He is now an American citizen and at present is Professor of Economics at the University of California.

During the first World War, Dr. Landauer served as German Food Administrator, and from 1926-1933 he was managing editor of the German Economist. He is author of numerous books and articles in both German and English.

Next Monday evening Dr. Landauer will depict the rise of Hitler and the destruction of German democracy. His personal observations in Berlin during that period promise to be most interesting.

Everyone is urged to "get the Forum habit" and attend next Monday evening's meeting in the high school auditorium at 8 o'clock.

## MRS. MARY DUTRA PASSES AWAY IN MISSION HOME THURSDAY

NEWARK — Word was received in Newark Friday of the death of Mrs. Mary Garcia Dutra of Mission San Jose a former resident of Newark. She was born in the Azore Islands, resided in Newark for many years, and had lived in Mission San Jose about 15 years until her death Thursday evening at her home.

Funeral rites were held Saturday morning from the Berge Mortuary at Irvington to the Holy Ghost cemetery in Centerville. Church services were held at 9:30 a. m. at the Mission Catholic church.

She is survived by three sons, Joe Dutra of Manteca, Manuel and Murphy Dutra of Mission San Jose; and a daughter Mrs. Mary Pashote of Newark.

You will find the NILES THEATRE program in this issue!

## SERGEANT YORK TO BE SHOWN AT NILES THEATRE

Sergeant York, the full-length feature offering at the Niles theatre for a three day run on Wednesday, Thursday and Friday, November 26, 27 and 28 is making screen history, according to Manager "Bill" Helm.

Gary Cooper stars in the title role. The story is at once both simple and exciting because it shows both sides of the lives of the Cumberland Mountain folk; their slow, easy-going manner, and the force of power they can bring out when their tempers are aroused.

York, a sharp-shooting farmer who "gets religion" in his own manner, is a fellow who hates no one and registers as a conscientious objector when he is drafted during the World War. An understanding officer in his company, played by Stanley Ridges, shows him that violence is sometimes necessary to insure freedom. York turns out to be not only a good soldier, but one of the bravest heroes in the A.E.F.

Joan Leslie has the feminine lead opposite Cooper, and is seen as

Gracie Williams, the present Mrs. York. Walter Brennan is cast as Pastor Pile, life-long friend of York, whose homely philosophy became part of York's creed.

## DECOTO DRIVER BURNED TO DEATH IN AUTO UPSET

DECOTO — A ghastly tragedy occurred on the Nursery Road one quarter mile south of Alvarado Monday night when a light sedan driven by Manuel Ortega, 38, proprietor of a pool hall here swerved off the road and overturned at the four foot embankment, catching fire immediately.

Vincent Dias who was driving on the nearby Alvarado Road saw the flames and hurried to give aid. He saw Ortega moving in the closed car and just as Dias reached to help him the gasoline tank exploded, knocking him to the ground.

Ortega was cremated in his car. The Decoto Fire Department put out the blaze and when they reached Ortega's body it was burned beyond recognition. He had lived here the past year and a half and

officers believe he must have fallen asleep at the wheel.

## THREE GRID GAMES TO BE BROADCAST THIS WEEKEND

Two football games on Saturday and the "Little Big Game" between St. Mary's and Santa Clara provide the gridiron bill-of-fare for Northern California fans this coming weekend.

Saturday November 15 California plays Oregon at Berkeley. Associated sportscaster Don Thompson will describe the game over Station KFRC, San Francisco (610 kcys) and other Mutual network stations in Northern California starting at 2:00 p. m.

The Stanford-Washington State game at Palo Alto Saturday will be aired by Associated sportscaster Hal Wolf over Station KGO, San Francisco (810 kcys) commencing at 1:45 p. m.

On Sunday November 16 the eyes of western football fans will center on the St. Mary's-Santa Clara clash at Kezar stadium, San Francisco. Associated sportscaster Doug Montell will be at the mi-

# Are you considering joining a MILITARY SERVICE? Why not choose the NAVAL RESERVE!

## AN IMPORTANT ANNOUNCEMENT by the Secretary of the Navy

"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

*Frank Knox*  
SECRETARY OF THE NAVY

## HERE IS THE OPPORTUNITY THAT THOUSANDS OF MEN HAVE BEEN LOOKING FOR

Here is your opportunity to have all the advantages and privileges of Navy life but with a shorter enlistment.

Many men do not realize—but it is a fact—that your pay, your training, and your chances for advancement in the Naval Reserve are exactly the same as in the Navy itself.

## FREE TRAINING WORTH \$1500

Take your own case. Let's assume that you have had no special training. In that case here is your opportunity to learn one of the Navy's 45 big-pay trades, from aviation engineering to radio. You may receive training worth \$1500 the first year alone. In addition you get all the advantages listed in the second column of this announcement.

## HIGHER PAY OPPORTUNITIES

But perhaps you have had special training or know a trade. In that case the Naval Reserve offers you the opportunity to use your knowledge. If you qualify (high school or college

not necessary), you can join as a petty officer right away—with higher pay and allowances.

Also, if you have two or more years of college credits, there are special opportunities to become a Naval aviator or a commissioned officer.

## LOOK WHAT THE U. S. NAVAL RESERVE OFFERS YOU

**FREE TRAINING** worth \$1500. Nearly 50 trades and vocations to choose from.

**GOOD PAY** with regular increases. You may earn up to \$126 a month.

**EACH YEAR** you are entitled to a generous vacation period, with full pay.

**GOOD FOOD** and plenty of it.

**FREE CLOTHING.** A complete outfit of clothing when you first enlist. (Over \$100 worth.)

**FREE MEDICAL CARE,** including regular dental attention.

**FINEST SPORTS** and entertainment any man could ask for.

**TRAVEL, ADVENTURE, THRILLS**—You can't beat the Navy for them!

**BECOME AN OFFICER.** Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

**FUTURE SUCCESS.** It's easy for Navy trained men to get good-paying jobs in civil life.

In any case, it is your chance of a lifetime to lead a healthy, exciting life... your chance to travel... and at the same time build a solid foundation for your future. There is nothing better than modern Navy Training for a successful career in civil life.
